

### *Elevate to a whole new High*

*A guy walks into a bar and orders a shot of whisky. He gulps it down and peeks into his shirt pocket. He then orders another shot of whisky, gulps it down and peeks into his short pocket. He orders a third shot and does the same thing. After the sixth shot, he asks the bartender for the bill pays and starts to walk out. Curiosity gets the better of the bartender and he says to the guy: "Excuse me, but I noticed that every time you drank a shot, you kept looking into your pocket. I was wondering what's in your pocket." The guy slurs, "Well, I have a picture of my wife in my pocket. I keep drinking until she starts to look good."*

## MARINI'S SIGNATURE COCKTAILS

Two hundred years ago, cocktails were pretty much a standard mixture of liquor, bitters, sugar and water. Today, the word "cocktail" has been redefined to envelop any concoction we can think of that has booze in it. Conveniently, and history be damned, this gives us a category where we can park drinks that might fit into several of the other families of drinks, and create some new categories of our own.
